CIVIL ACTION NO. 5:18-cv-103-MTP

MANAGEMENT & TRAINING
CORPORATION, ET AL

DEFENDANTS

AFFIDAVIT OF JANICE WILLIAMS

STATE OF MISSISSIPPI
COUNTY OF WILKINSON

1. I am over the age of eighteen, have personal knowledge of the facts set forth below, and am competent to attest to the matters stated herein.

2. I am employed by Management & Training Corporation (“MTC”) and serve as the Administrative Remedy Program (“ARP”) Coordinator at Wilkinson County Correctional Facility (“WCCF”) in Woodville, Mississippi. As the ARP Coordinator, I am the custodian of the ARP files at WCCF and am responsible for, among other things, oversight and management of the processing of inmate grievances and the daily operations of the inmate grievance system utilized at WCCF.

3. Inmates confined at WCCF may utilize the MDOC’s two-step ARP process to seek redress of issues relating to any aspect of their confinement. Details about the ARP process and instructions on how to utilize it are provided to the MDOC inmates in both the MDOC’s Inmate Handbook, which the inmates receive during the course of their confinement in MDOC custody, and the WCCF Inmate Handbook, which is provided to inmates upon their arrival to WCCF.

4. The ARP is a two-step process. Inmates are required to initially submit their grievances in writing through the grievance system within thirty days of the complained-of incident. If a grievance is accepted into the ARP process after initial screening by the Statewide ARP Director, the request is forwarded to the appropriate official, who will issue a first step response. If the inmate is unsatisfied with the first step response, he may continue to the second step within five days after receiving the first step

response. If the inmate is not satisfied with the second step response, he may then file suit in state or federal court.

5. If the inmate's initial grievance is rejected by MDOC's ARP Director during the screening process, the inmate will be advised in writing. Pursuant to MDOC Policy 20-08-01, and as set forth in the WCCF Inmate Handbook, the inmate then has five days after his receipt of the notice of rejection to resubmit a corrected grievance.

6. I have reviewed the records and information maintained in the ARP files at WCCF and on MDOC's Offendertrak database regarding grievances submitted by inmate **Chaz Pinkston (MDOC #148934)** through the ARP process pertaining to his incarceration at WCCF.

7. Mr. Pinkston has submitted more than 100 grievances through the ARP process, including dozens of grievances pertaining to his incarceration at WCCF.

8. Mr. Pinkston was housed at WCCF from January 24, 2018, through January 15, 2021.

9. A true and correct copy of all grievances related to Mr. Pinkston's incarceration at WCCF that were submitted prior to October 1, 2018 – the date on which the above-referenced lawsuit was filed – and all correspondence related to the same are attached hereto collectively as Exhibit "1."

10. On February 6, 2018, Mr. Pinkston submitted a grievance complaining about MDOC aiding MTC in violating a long list of MDOC policies in maximum security units. For relief, Mr. Pinkston requested a meeting with someone in authority over MTC or MDOC to resolve these issues. On February 12, 2018, I sent Mr. Pinkston a letter informing him that his grievance was being returned to him because his complaint was unclear and additional information was needed, and because he had not specified the relief being sought. Pursuant to MDOC policy, Mr. Pinkston had five days to resubmit a corrected grievance that complied with ARP guidelines. Mr. Pinkston signed for receipt of my letter on February 15, 2018.

11. On February 21, 2018, Mr. Pinkston submitted a grievance again complaining that MDOC administrators were aiding MTC in violating a long list of MDOC policies. For relief, Mr. Pinkston again requested to meet with a person of authority from MTC or MDOC to develop a plan to address his concerns.

This grievance was labeled ARP No. WCCF-18-122. On March 2, 2018, MDOC's Statewide ARP Director Richard Pennington sent Mr. Pinkston notice that his grievance was being rejected as untimely because it had not been submitted within five days of him receiving my prior letter informing him that his grievance did not comply with MDOC policy. This new grievance also did not comply with MDOC policy for the same reasons as those stated in my letter dated February 12, 2018.

12. On March 8, 2018, Mr. Pinkston submitted a grievance complaining that certain MDOC and MTC officials had deprived him of adequate conditions of confinement and services on his long-term segregation unit. For relief, Mr. Pinkston requested a meeting with one of the MDOC officials listed in his grievance regarding commissary, recreation, grooming, visitation, outgoing mail, religious services, clothing, medical care, sanitation, library, and programs. Each of these services are handled by different personnel. The same date, ARP Clerk Sherry Rowe sent Mr. Pinkston a letter returning his grievance to him and advising that if his grievance contained more than one complaint or request, it would be rejected and returned to him. It further advised that the ARP does not accept petitions filed on behalf of other inmates and that a single complaint must be filed by each inmate. Mr. Pinkston signed for receipt of this letter the same date.

13. On March 9, 2018, Mr. Pinkston submitted another grievance complaining about his conditions of confinement on his long-term segregation unit. For relief, Mr. Pinkston requested to speak with Tony Compton, MDOC's former warden for private prisons and regional jails, regarding his conditions of confinement. On March 19, 2018, ARP Clerk Rowe sent Mr. Pinkston a letter advising that this grievance was being returned to him and not processed because he had already had a prior grievance on the same issue (WCCF-18-122) that had been rejected. Mr. Pinkston signed for receipt of this letter on March 20, 2018.

14. On March 28, 2018, Mr. Pinkston sent MDOC Statewide ARP Director Richard Pennington a letter complaining that the grievance he submitted on March 9, 2018, should have been accepted into the ARP process. On the same date, Mr. Pennington sent Mr. Pinkston a letter encouraging

him to request a copy of the ARP guidelines (MDOC Policy 20-08-01) from the ILAP office at his facility, and further advising him to submit his concerns to the ARP office at his facility within the next five days. Mr. Pinkston signed for receipt of this letter on March 30, 2018.

15. On April 2, 2018, Mr. Pinkston submitted a new grievance complaining that MDOC, ACA, Mississippi Health Department, and MTC administrators were subjecting him to cruel and unusual punishment, violating his rights to due process and free speech, and subjecting him to worsening conditions of confinement in maximum security at WCCF. For relief, Mr. Pinkston requested that Warden Jody Bradley, Deputy Warden Gabriel Walker, Deputy Warden Tonya Toomey, Major Terry Daniel, MDOC Contract Monitor Larry Lee, the Health Services Administrator, Dr. James Burke, WCCF medical records custodian, and two other unnamed officials “to be fired immediately.” This grievance was labeled ARP No. WCCF-18-196. On April 23, 2018, MDOC’s Statewide ARP Director Richard Pennington sent Mr. Pinkston notice that his grievance was being rejected because the relief sought (termination of MDOC, MTC, and Centurion employees) was beyond the power of the ARP to grant. Mr. Pinkston signed for receipt of Mr. Pennington’s rejection notice on April 24, 2018. Pursuant to MDOC policy, Mr. Pinkston had five days to resubmit a corrected grievance seeking a proper form of relief that could be considered by the ARP. For instance, instead of seeking the termination of prison employees, Mr. Pinkston could have requested to be moved, he could have requested specific services he believed he was being denied, he could have requested assistance with legal mail, or he could have requested any necessary medical attention.

16. On April 25, 2018, Mr. Pinkston resubmitted another grievance nearly identical to his grievance in WCCF-18-196. Mr. Pinkston’s new grievance did not request a new form of relief, or any relief at all. Instead, Mr. Pinkston requested that this grievance be allowed to complete the first and second steps of the ARP process so he could “seek justice” in court. This grievance was labeled ARP No. WCCF-18-295. On May 29, 2018, MDOC Statewide ARP Director Richard Pennington sent Mr. Pinkston notice that this grievance had been rejected because it had been submitted more than five days after receiving Mr. Pennington’s letter dated March 28, 2018, and, therefore, was untimely. This grievance also failed to

comply with ARP guidelines because it did not specify any relief and/or presumably sought the same relief requested in his prior grievance in WCCF-18-196. Therefore, this grievance was not accepted into the ARP process.

17. On May 18, 2018, Mr. Pinkston submitted a grievance complaining that Sgt. M. Johnson had used excessive force against him in an incident occurring three days earlier. For relief, Mr. Pinkston requested that the MDOC contract monitor, Warden Bradley, Deputy Warden Walker, Deputy Warden Toomey, Major Daniel, Investigator Turner, Lt. Gaston, Sgt. Johnson, Officer King, and Nurse Robertson all to be fired. This grievance was labeled ARP No. WCCF-18-365. On June 27, 2018, MDOC's Statewide ARP Director Richard Pennington sent Mr. Pinkston notice that his grievance had been rejected because the relief sought was beyond the power of the ARP to grant.

18. On June 13, 2018, Mr. Pinkston submitted a grievance complaining that he was being subjected to additional lockdown procedures due to incidents occurring in general population or involving other inmates in maximum security. For relief, Mr. Pinkston requested that these forms of collective or group punishments be lifted for the duration he is in maximum security. This grievance was labeled ARP No. WCCF-18-400. On July 30, 2018, Major Daniel completed a first-step response. On September 11, 2018, Warden Bradley completed a second step response, exhausting the ARP process for this grievance.

19. On July 5, 2018, Mr. Pinkston submitted a grievance complaining about an incident where Officer Jackson allegedly attempted to help him speak with Captain Green but where Captain Green and others scolded Officer Jackson without any basis for doing so. For relief, Mr. Pinkston requested "to have the lying incident report filed to Warden Bradley against Officer L. Jackson be dismissed." This grievance was labeled ARP No. WCCF-18-465. On August 9, 2018, Mr. Pennington sent Mr. Pinkston a notice that his grievance had been rejected because the relief sought was beyond the power of the ARP to grant.

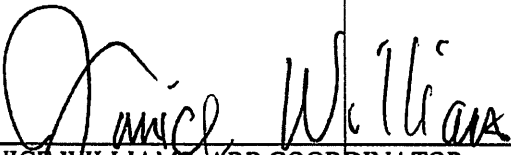

20. On July 25, 2018, Mr. Pinkston submitted a grievance complaining that he had been denied certain meal trays, that he was temporarily denied bedding and towels after they got wet during a sprinkler incident, that he had been denied a haircut, that he had personal property taken during a cell search, and

that Captain Green had sprayed him with pepper spray and then denied him medical attention. For relief, Mr. Pinkston requested "to be fully compensated." This grievance was labeled ARP No. WCCF-18-488. On August 20, 2018, Mr. Pennington sent Mr. Pinkston notice that his grievance had been rejected because it sought relief beyond the power of the ARP to grant.

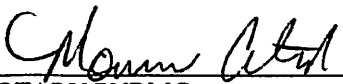

21. On August 26, 2018, Mr. Pinkston submitted a grievance complaining that MDOC and MTC officials had denied him adequate visitation privileges. For relief, Mr. Pinkston requested visitation with his family every month. This grievance was labeled ARP No. WCCF-18-512. On October 4, 2018, Major Daniel completed a first step response, and Mr. Pinkston appealed to the second step. On October 17, 2018, Warden Bradley completed a second step response, exhausting the ARP process for this grievance.

22. Mr. Pinkston's dozens of other grievances pertaining to his incarceration at WCCF were all submitted after he filed the above-referenced lawsuit on October 1, 2018.

Further Affiant saith not.

This common custom of simultaneous disobedience is being done in plain sight that a 'lay person can recognize it' and being co-conspired and covered up by MDOC Headquarters along with MDOC State Prison Superintendents, A.D.C.'s, and Wardens.

Turn Over To Back For The Rel./Remedy Sought -

Relief Sought

Remedy Requested: That someone with high authority from M.T.C. Corporate Office and/or M.D.O.C. Headquarters come sit down and speak with me in order to hash out an effective three-month immediate implementation plan to stop this common custom of deprivation of rights and improve my conditions of confinement "specifically" for "maximum security"! During the First Step timeline of 45 days to respond to this grievance. Otherwise, we shall resolve this/these ongoing incidents within the Federal Courts. I look forward to seeing someone within 45 days because even if this A.R.P. is returned I have still given MDOC and MTC two opportunities to come speak with me to go over and resolve this issue unless the contract for M.T.C. and the private prisons they inhabit are going to be closed immediately within the 45 days allotted by the Grievance Procedures. Also, whatever the outcome of your decision remember to put a Cause Number on this A.R.P. because one is supposed to be provided regardless of denial or return or acceptance in accordance with S.O.P. 20.08 Grievance Procedures. There is no Cause Number anywhere on the first A.R.P. returned to me on February 25th 2028. This remedy is not beyond the A.R.P. power of to grant any of the three remedies individually or as a whole because am requesting to speak face to face with the decision maker and ones who hashed out the contract(s) and this grievance will be forwarded directly to the A.R.P. Director whose office is at MDOC Headquarters in Jackson, MS 39202 which is where the Commissioner, Deputy Commissioner of Administration, Deputy Commissioner of Institutions, the Private Prison Contract Director, Private Prison Regional Contract Deputy Director, and the main Federal Compliance Officer for MDOC are all located in the same building. I look forward to seeing someone within 45 days plus this A.R.P. being given a cause number whenever I receive it back.

This is a Request for Administrative Remedy

Plaintiff, Chaz Pinkston, is being denied the following in accordance to MDOC policies due to his being housed in long-term segregation though violating his Eighth Amendment rights and Fourteenth Amendment rights. Prison contractor Management and Training Corporation (M.T.C.) are forcing long-term segregation prisoners to adhere to "in-house" rules that totally deny, deprive, and make inadequate the following: commissary, visitation, recreation, religious services, the sealing of out-going mail/censorship policy, clothing, hygiene, sanitation, medical care, mental health care, grooming, and many other violations though the aforementioned are the most pertinent. MDOC Private Prison Contract - Director, Tony Compton, Contract Monitor (on grounds) Mr. Lee, Superintendent, Jacqueline Banks and Superintendent Renald King, Associate Director of Offender Services, Jarita Bivens and Associate Director of Offender Services, Michelle Jackson, Deputy Commissioner of Institutions, Terry Williams and Commissioner Pelicini Hall, along with M.T.C. Vice President of Operations for Mississippi, Rebyn Williams, Warden James Bradley, Deputy Warden of Administration, Gabriel Walker, Deputy Warden of Programs Ms. Tuncay, Warehouse Manager Ms. Dixon, Commissary Supervision Ms. Paine, and "maximum security" Unit Manager Ms. Brown, all are responsible for making sure MDOC policies at Wilkinson County Correctional Facility neither Management and Training Corporation "in-house" rules are applied to MDOC prisoners. Yet, they are just reaping the millions from having a full "maximum security" unit while subjecting plaintiff and the other prisoners in long-term segregation to "cruel and unusual punishment" plus violating their due process rights. I, Chaz Pinkston, have written multiple requests to the aforementioned about my conditions of confinement and deprivations here but no one has answered. There is not even a Federal Compliance Officer here and no Federal Compliance Member has responded to any of my letters sent to MDOC Headquarters.

Remedy Requested: That I speak with one of the MDOC officials mentioned above in order to get the proper treatment in accordance with my Civil Rights and MDOC/ACA policies. Specifically regarding commissary, recreation, grooming, visitation, outgoing mail, religious services, clothing, medical care and treatment, sanitation, library, and programs.

This is a Request for Administrative Remedy

Commissioner - Pelicia Hall, Deputy Commissioner of Institutions - Jerry Williams, Deputy Administrator - Audrey McAfee, Director Private Prisons - Tony Campton, Superintendent - Ronald King, Superintendent - Jacqueline Banks, Associate Director Offender Services - Michelle Jackson, Associate Director Offender Services - Jarita Bivens, and Contract Monitor - Lee are willfully knowingly feloniously aiding and abetting plus covering up for Vice President of "M.T.C." operations for Mississippi - Robyn Williams, Warden - James Bradley, Deputy Warden Of Administration - Gabriel Walker, Deputy Warden of Programs - Teehey, Unit Manager for longterm/"maximum security" - Brown, Warehouse Manager - Dixon, and Canteen Supervisor - Point here at Wilkinson County Correctional Facility. I have an on-going issue concerning my conditions of confinement. This "incident" has not been resolved neither responded to by any of the administrator's. I have written request forms too. My 'conditions of confinement' is one - (2) issue. I complaint which is dealing with my personal well-being and my constitutional guarantees. The aforementioned staff are purposefully demonstrating 'deliberate indifference' and violating my 'due process' rights for all the months am being deprived of my rights and they continually disobey the Constitution and State laws along with A.C.A. and M.D.C. policies and procedures. I am in longterm/"maximum security" and for my conditions of confinement to be so egregious prove intent to collect the millions supporting this program and direct it too the pockets of the administrator's. The United States Supreme Court says "the purpose of the grievance procedures is to give the administration an advance warning and opportunity to investigate plus remedy a prisoner complaint without Court intervention." I have obeyed the order of the United States Supreme Court and followed the MDOC grievance procedures.

Remedy Requested:

To speak with Tony Campton and/or his associate director about my 'conditions of confinement' here at Wilkinson County Correctional Facility while am residing in longterm/"maximum security" in order to stop the deprivations and protect my well-being and civil rights.

Re: A.R.P. dated March 9th, 2018

First- I, Chaz Pinkston, never signed for a letter nor any correspondence concerning the A.R.P. dated February 5th, 2018 of which is being referred to as WCCF-18-122. I received a letter dated February 12th, 2018 on February 15th, 2018 from your office in Parchman, MS that came through the regular mail. So, I, wasn't late anyway because I never received any notice. Check your "certified mailing" receipts.

Second- Who is S. Rowe? The MDOC Grievance Procedures says: 'The ARP Director will screen all ARP's for acceptance', not just anybody.

Third- I turned in an ARP dated March 9th, 2018 concerning one issue of my 'conditions of confinement' over a month after my ARP dated February 5th, 2018 which is being referred to as WCCF-18-122. Now S. Rowe, sends me a letter saying this is the same issue and has already been rejected. However, the Grievance Procedures says: 'The issue or incident must be within 30 days of the actual happening', plus Miss. Code Ann. § 47-5-801. Authority To Adopt Procedure; 'The Department of Corrections is hereby authorized to adopt an administrative review procedure at each of its correctional facilities in compliance with 42 U.S.C. Section 1997, the "Civil Rights of Institutionalized Persons Act" or CRIPA, and Part 40 of Title 28, Code of Federal Regulations.' Now the A.R.P. dated March 9th, 2018 mentions the same individuals as WCCF-18-122, but it is clearly not the same issues but is only one issue. Also, this issue is going on at the present time and date at the top of this letter. By me complying with

The Mississippi Department Of Corrections Grievance Procedures Policy as well as being subjected to "inhumane" conditions of confinement which is "one" issue by high-level officials than my A.R.P. is rightfully supposed to be allowed to go forward. Otherwise, your office will be deliberately hindering justice, which leads into my next point.

Fourth - The Northern District Federal Court approved the ARP program in *Gates v. Collier*, GC 71-6-S-D (N.D. Miss. Feb. 15, 1994). See also *Marshall v. Price*, 239 F.3d 365, 2000 WL 1741549, at *1 (5th Cir. Nov. 6, 2000). On September 19, 2010, the ARP process was changed from a three steps to two. See *Gates v. Barbeur*, No. 4:11CV6-JAD, Doc. 12-2 (N.D. Miss. Aug. 19, 2010); *Threadgill v. Moore*, No. 3:10CV378-TSL-MTP, 2011 WL 4388832, at *3 n.6 (S.D. Miss. Jul. 25, 2011). The two-step ARP process begins when an inmate first submit his grievance in writing to the prison's legal claims adjudicator within thirty days of the incident. *Howard v. Epps*, No. 5:12CV61-KG-MTP, 2013 WL 267880, at *2 (S.D. Miss. May 29, 2013). The Mississippi Department Of Corrections has set up an Administrative Remedy Program ("ARP") through which an inmate may seek formal review of a complaint or grievance relating to an aspect of his incarceration.

Conclusion

I haven't broken any procedural rules in regard to the ARP dated March 9th, 2018 plus the incident or issue complained of is pertinent within the thirty day time limit. Therefore, I, request that the ARP dated March 9th, 2018 be screened by the legal claims adjudicator Richard Pennington and be accepted so as to begin the First Step Response. Also, that the ARP be appropriately given an ARP number. In order to preserve justice and give administrator's fair adequate legal opportunity to fix these conditions of confinement.

This is a Request for Administrative Remedy

Multiple M.D.O.C., A.C.A., Mississippi Health Department, and M.T.C. administrators are responsible for the continuing cruel and unusual punishment, violating of due process, and denial of freedom of speech am being forcibly subjected to. My "conditions of confinement" here in "maximum security" at Wilkinson County Correctional Facility are depraved, inhumane, and destructive towards any rehabilitation whatsoever. This is an on-going ever worsening issue month after month. My civil and constitutional rights, guarantees, privileges, and immunities have been taken feloniously by the aforementioned administrators. I have written numerous request to the administrators here yet not one reply. I have stopped multiple administrators to inquire about why my "conditions of confinement" are increasingly terrible for maximum security, yet they receive multi-millions to keep it running properly, efficiently, plus actually to rehabilitate. But I was only given a fake smile and told they would discuss it at their next meeting. However, they walk around with their corporate bosses and those unfurnished laughing about my being down trodden and about all the money that is being poured into "maximum security" and how much of it they're stealing and spreading around to their buddies aforementioned plus unknown to keep quiet. Also Centurion administrators are most definitely deliberately indifferent and therefore included.

Relief Sought:

For James Bradley, Gabriel Walker, Ms. Twiney, Terry Daniels, Larry Lee, Medical H.S.A., M.D. Burke, Medical Records Keeper/Wilkinson County Records Cleaner, and two other officials are to be fired immediately. Otherwise we will settle this in the U.S. District Court in Jackson, MS by way of a "public" jury trial. I await your response within the 45 days allotted by MDOC Grievance Procedures.

This is a Request for Administrative Remedy

Multiple M.D.C., A.C.A., Mississippi Health Department, and M.T.C. as well as Centurian administrator's are responsible for the continual cruel and unusual punishment, violating of due process, and denial of freedom of speech here in "maximum security" at Wilkinson County Correctional Facility. These all are constitutional deprivations, specifically the Eighth Amendment, Fourth Amendment, and First Amendment. My "conditions of confinement" are inhumane, degrading, and destructive towards any of the propaganda rehabilitation Period. My rights are said to be privileges and my needs are dismissed as wants by the aforementioned administrator's. I am forcibly denied my civil and constitutional rights, guarantees, privileges, and immunities as a legal born citizen of the United States also the Republic of Mississippi. My 'conditions of confinement' is one issue and is objectively worsening month after month. This A.R.P. is done in a timely manner and in accordance with the procedural rules with the specific purpose to allow the Administrator's whom shall (supposedly) receive it ample time/opportunity to hurriedly find sensibility, cultivate reasonableness, and get understanding. This A.R.P. is within the power of the ARP Department and/or Director to grant.

Relief Sought:

For this A.R.P. to be allowed to complete the First and Second Steps. In order for me the plaintiff to seek justice expeditiously in the U.S. Southern District Court by way of a "public jury" trial. I await the Administrator's Response within the 45 days allotted by MDOC Grievance Procedures.

This is a Request for Administrative Remedy

On May 15th 2018, between 2:00p.m. and 3:50p.m. I was assaulted for the third time in 2 weeks by Sgt. M. Johnson. On this day though not only were my hands injured but also my wrist, ankles, legs, forehead (on the right side), right eyebrow, and right eye. My wrist are both swollen with thick red lines, cuts and bruises and the circulation in my left hand is even poorer than in my right hand which is weak itself. My hands and wrist are in constant throbbing pain. My legs are in pain plus my left leg has a knot on it from the leg iron's cutting in deep. My forehead, eyebrow, and eye are swollen and changing colors. My right eye is swollen shut as it looks as if I have a tangerine quite ripe sitting in my face jutting out ready to be picked. The face swelling came from Sgt. M. Johnson throwing me up against the wall then knocking my head on the wall twice. I repeatedly asked officer King, Sgt. M. Johnson, Lt. Gaston, officer Chester, as well as the Investigator to please loosen up the left leg iron because it was too tight but was instead dragged then carried by Lt. Gaston and Sgt. M. Johnson by the leg irons and hand restraints which include handcuffs plus the black box covering them. I was assaulted because I was requesting that the left leg iron be loosened up a bit because I had lost feeling of my left foot plus it was too tight and hurting my leg. There is plenty of camera footage and medical records that validate my Eighth Amendment rights were feloniously disregarded. The administrator's should and watched in approval as I was degraded, disrespected, and assaulted during this entire situation. I demanded medical so the Major had a nurse called up to come to us instead of us going to see the doctor especially with the very large lump that had developed as a result of Sgt. M. Johnson banging my head against the brick wall plus the obvious digging

ing of the restraints into my flesh. Nurse Robertson came and wrote down the lump protruding out of my face (which Capt. Scott also took a photo of during this same time) yet she refused to examine and note the severe swelling of my wrist, that both wrists were bloating, that both wrists had multiple cuts and bruises, as well as that my left hand was totally numb. She didn't even give me an ice pack for the large lump sticking out but instead was in and out in just 2 minutes or less. Now my eye is swollen and closed shut as the infection and hemorrhaging from my forehead and right eyebrow have fully set in. Not to forget that my eyelid is constantly changing colors, oozing puss, and is still the size of an orange with no indication of going down. All of the aforementioned has occurred on the same day within the time limit mentioned. (I wrote two reports/letters to the Commissioner, Pelican Hall, subordinate MDOC administrators, and M.T.C. Vice President Robin Williams specifically about the two previous assaults by Sgt. M. Johnson, on May 5th, 2018 and May 16th, 2018.) This is an on-going issue and very serious problem which is why I have done this A.R.F. in accordance with the procedural guidelines of MDOC Grievance Procedures #20.08. Thereby, I shall be expecting for my First Step Response Form within the 45 days allotted by such said policy. This is the only way for justice to stop the abuse by excessive force.

Relief Sought:

For Contract Monitor of MDOC, Warden Jody Bradley, Deputy Warden Gabriel Walker, Deputy Warden T. Tamey, Major Terry Daniels, Investigator Turner, Lt. Gaston, Sgt. M. Johnson, Officer King, Nurse Robertson to be fired. Otherwise, we will settle this in the U.S. District Court in Jackson, MS at a public jury trial for full compensation of all damages and degradations.

This is within the power of A.R.F. to grant because it/this will be sent to MDOC for the instructions to resolve this matter immediately.

This is a Request For Administrative Remedy.

I am in "maximum security" under long-term segregation status yet am under an additional lockdown of "collective/group punishment" by MDOC and M.I.C. administration. This is totally unlawful, felonious, knowingly disobeying the U.S. Constitution and MS Constitution by subjecting me to an additional lockdown for every small issue and incidents that occur in general population saddle with other prisoners in "maximum security". This is "cruel and unusual punishment" under the eighth amendment plus deprivation of life, liberty, limb, and property and violating due process of law under the fourteenth amendment. Also, not to forget the first amendment. I am being forcibly subjected to this "collective/group punishment" for "months upon months" at the administration's abuse. While this not only is blatant disobedience to the Constitution(s) plus all laws of the state, legislative but also completely disregards the Mississippi Department of Corrections own policies and procedures. General Standards Of Professional Conduct #03-01 page 2 lines 84-93, 106-108 under PRECEPTS: Code of Ethics of page 4; "All staff, contractors, interns, and volunteers are held accountable for compliance with the code of ethics... Employees will protect the civil, legal, and applicable constitutional rights of all offenders. Employees are expected to conduct themselves in a dignified, honest, and professional manner." There is also the Long-Term Segregation policy being stomped on. This is constant infliction of pain at its most deformed stage. On June 11th, 2018, Richard Lemington, had a letter sent to me (received on June 12th 2018) that I had five (5) days from receipt of his letter to file this ARP. Therefore, this ARP is timely and meets all procedural guidelines and protections. It is most definitely within the power of ARP to grant expeditiously!

Remedy Sought:

For immediate uplifting of my being subjected to these "collective/group punishment" in totality while am housed in "maximum security" for duration. In application of the Constitution(s), Congress Civil Rights Institutionalized Persons Act, and MDOC own aforementioned policies.

The television for this case of this pod has been broken for weeks yet this administration repeatedly refuses to replace it saying, 'The good suffer with the bad and we, all are responsible for as well as accountable for each other(s) actions irregardless of our being in single-man cells and the Eighth Amendment and Fourteenth Amendment.

Seriously, from January 27, 2018 to July 2018 I have been forcibly subjected to "collective/group punishment" for issues and situations that repeatedly occur in general population here, in general population at other facilities, and in "maximum security" whether individuals or an individual other than myself are responsible. I have yet to see any memo from MDOC administrator's stating specifically that "maximum security" prisoners were and/or to be deprived, federally-mandated recreation of five hours-weekly, confidential attorney/attorney client phone calls at any time, legal services especially those when a judge has mandated a deadline to be met, appropriate grooming standards-weekly, all social services, all religious services, etc.... In short, there doesn't exist a memo nor formal written policy approving that "maximum security" be subjected or managed under the same policies as general population. However, here at Wilkinson County, Contract Monitor Larry Lee, Warden J. Bradley, Deputy Warden of Administration/Security Gabriel Walker, Deputy Warden of Programs T. Toomey, Major T. Daniels, Captain J. Green, Lieutenant Gucho or Gucho, and the Unit Manager have and continue to enforce "cruel and unusual punishment" stemming from their in-house rules and unwritten customs, while breaching the contract (for which I am a third-party beneficiary) by not allowing the Civil Rights Institutionalized Persons Act plus the U.S. Constitution, American Correctional Association policies, and MDOC policies that specifically and particularly benefit me and other "maximum security" prisoners even attempt to be applied.

Don't worry though the \$25,000,000.00 'plus' that the Mississippi Legislature just apportioned to Wilkinson personally and the A.C.A. just released to them will suffice for the aforementioned and those who know I don't know nor did I mention in M.T.C. and M.D.C. upper administration, in compensatory damages! See Y'all In Court. You have 30 days from April 27, 2018 to send Me the First Response Slip so I can Get Relief!

In response to your ARP claim, In reference to you requesting immediate uplifting of being subject to collective/group punishment. Your claim has been investigated. The information gathered reveals the current lockdown was ordered by MDOC. According to policy and procedures when the facility goes on lockdown privileges and activities may be restricted for the amount of time and to the extent necessary to restore security and order to protect both staff and offenders. Some unit/facility activities may continue at the discretion of the Facility's Controlling Authority. I consider this matter resolved at this level.

This is a Request for Administrative Remedy

On July 4th 2018, I, Chaz Pinkston, called officer L. Jackson to the cell door (while the Sgt. and Lt.) were next door dealing with an obvious deprivation of civil rights. I requested to speak with Capt. J. Green concerning a serious institutional matter of which officer L. Jackson first sent Sgt. Trench to me, who didn't want to help, officer L. Jackson sent Lt. Gaston to me but he refused to come to the cell door and walked away instead. Officer L. Jackson called Captain J. Green by radio twice before his arrival. Captain J. Green went and talked to my neighbor and once he was done, proceeded to ~~talk~~^{leave} upon which officer L. Jackson called after him and said that I needed to speak with him. However, Lt. Gaston came to the door. I told him I need to speak with Captain J. Green personally in accordance with the MDOC policy which states "When a high ranking administrator is called by a prisoner to assist with the finding/fixing an institutional matter then they "must" be called to assist the prisoner immediately before any use of force may begin". Well Captain J. Green and Lt. Gaston started leaving the pod. I began yelling to him that I needed to speak with him (Capt. J. Green) that it is important. Officer L. Jackson also tried to stop him saying that she did not want to have any issues with me once she opened the tray slot to serve me (all of this was going on the middle of food service both lunch and last meal sandwich) which Capt. J. Green told her in the presence of Sgt. Lt. "not to serve me my food at all thank!" Upon hearing this plus the attitudes of the other two supervisors (they were all very bad, abusive, and unprofessional) I demanded that officer L. Jackson call the Shift Commander Capt. Scott in order so that I could eat plus to ensure my food had some warmth before my eating it. Upon officer L. Jackson calling Shift Commander Capt. Scott to serve me three like bolts of white lightning Capt. J. Green along with his buddy Lt. Gaston burst through the zone door with Capt. J. Green wearing

no longer an officer L. Jackson and walking/running to her yelling and being highly unprofessional, disrespectful, and wrathful at her for doing the appropriate thing of calling the next official I requested to speak since the under-sheriff refused to even listen or attempt to help. All of this was really due to her also doing her job in accordance with state law, federal law, and MDOC plus A.C.A. policy and procedure when it comes to ensuring that am served my food timely, while stoic, heated, and without bias or prejudice toward me as a prisoner irregardless of him being a Captain and her immediate chain of command being corrupt and down with the foolishness. When Shift Commander, Captain Smith arrived she was flustered at the emotional rendition of degradation proffered to her by officer L. Jackson. Though what stunned her most was Sgt. Trench refusal to speak a word while Lt. Gaston steadily argued against the other prisoners, officer L. Jackson, and my personal account. He even admitted that 'of course am going to side with him (Captain J. Green) and for him because he is my buddy and gives me free reign'. There is much video footage of this encounter specifically the Capt's, Lt's, Sgt's unprofessional actions plus their collective inaction to serve me at all. Starving me as a punishment because I am seriously needed help is a direct violation of 18 U.S.C.A. under the Fourteenth Amendment. Also, writing officer L. Jackson up, for not only doing her job properly as well as in retaliation for her defending herself repeatedly from an unwarranted barrage of disrespectful foolishness, is also most definitely illegal. Multiple MDOC policies like the Code of Ethics within General Standards Of Professional Conduct, Protection From Harassment, Long-Term Segregation, and etc., are blatantly being ignored. Point! I was ordered, by Captain J. Green, Lt. Gaston, ~~to be starved~~ to be starved. Either this remedy can be done quickly and simply or it will be done publicly, expensively, and extensively against Warden J. Bradley, Captain J. Green, Lt. Gaston, ~~and~~.

Remedy:

To have the lying write-up/incident report filed to Warden Bradley against officer L. Jackson be immediately dismissed with prejudice.

This is a Request For Administrative Remedy

On July 4th, 2018, officer L. Jackson was written up by Captain J. Green for 'false insubordination' due to her serving me my lunch and Dinner - Snack bag after he vehemently disrespected her with demeaning speech plus ordered/demanded that she not give me any food for the entire day period! She (L. Jackson) had to call Shift-Commander-Scott to "maximum security" in order to override, Captain J. Green and Lt. Gaston, malicious and sadistic torture tactics against me. On July 9th, 2018, Captain J. Green and Lt. Gruden, told me 'He was going to break me' because I (along with other prisoners) was yelling 'Let the A.C.A. auditor's come on the zone and was tapping on the cell door's to get the A.C.A. auditor's attention')! That day my lunch tray was withheld from me plus the prisoners above me busted the sprinkler which led to all my bedding items and towels being destroyed. I told, Captain J. Green and Lt. Gruden, yet was denied any bedding items and replacement of my bedding big towels. I was unable to sleep and was freezing cold for over 36 hours until a Shift Commander sent me bedding items and another Supervisor gave me towels six days later on the weekend, July 22nd, 2018 til July 23rd, 2018. I wasn't allowed to eat at all (per orders) of Captain J. Green, Lt. Gruden, and officer Hughey. I literally, was not only starved of both lunch and dinner trays. They were informing the night shift staff that relieved them I was "refusing" all my trays and not to serve me "any" food. They also maliciously left all those trays on the wall in front of this cell for days. This torture tactic stopped once my family was alerted and demanded that they serve me my food. However, the administrator's as well as the guards still refused to compensate me

for all the days I was starved during from Monday to Friday. On July 16th 2018, I went out to the yard pen's for a haircut but instead was denied that. Once I came back in I saw that this cell had been unlawfully searched (in accordance with M.D.C. Search & Seizure Policy which must be abided by in strict concurrence with the contract signed between M.D.C. and M.T.C.) due to my not being present. M.D.C. requires that I be present as well as the Use Of Force camera recording every individual cell search because policy states: "the prisoners are responsible for our own property plus the camera is documented proof of what is or isn't in each cell. Upon seeing this plus going through all of my items that were disassembled I noticed legal documents missing (pertaining to noted violations, noted conversations with administration upper's, noted dates of this information, noted statements of illegal activity from other prisoner's concerning administrative and senior staff members, and my SONY earbuds to my SONY Radio had been taken out. So I asked the officer to inform the Deputy Warden Of Security and/or Deputy Warden of Programs to come speak with immediately about my legal and civil rights being totally disregarded and violated. She asked the Lt. Gruden, who was standing there if she called them of which he said 'No, we ain't calling no body because me and the Captain the ones who went in this cell!' So I refused to handover the handcuffs until I spoke with ^{them} once the last cuff was undone. Lt. Gruden went and got Captain J. Green of which I respectfully was requesting to speak with either Deputy Warden. While I was telling him he started spraying me with an Chemical Aerosol Agent very heavily. Well, once I gave him the handcuffs he closed the tray slot and left me to choke. I wasn't allowed to go to medical to be 'decontaminated' neither was I placed in the yard pen so that the cell front area could be 'decontaminated' by the orderlies. I was unable to see for hours and am still choking from the Agent sprayed in here so very heavily almost two weeks ago. The issue is simple 'a continue pattern of harassing torture tactics'! Violating my Eighth Amendment and Fourteenth Amendment Rights. Relief Required:

To be fully financially compensated ^{from} this facility Contract Monitor and other administrator's along with those direct co-conspirators that are in 'maximum security', from/at of the twenty-three million dollar plus budget as well as the additional five million five hundred thousand dollars the Mo Legislative gave them this month in July 2018. In the end...

I turned in an A.R.P. dated July 4th 2018 which is now over 30 days old and counting yet still no First Step Response received.

My reason for writing all this at least once a week is to prove that Richard Pennington the M.D.O.C. A.R.P. Director in direct concert with M.D.O.C. Contract Monitor Larry Lee and Warden J. Bradley, are purposefully, feloniously, knowingly, intelligently breaking the M.D.O.C. A.R.P. policy and procedures. This continuous action(s) not only makes the A.R.P. policy invalid but makes them as well as all of you aforementioned civilly liable due to this and the other letters I will be sending for a limited time. Therefore, due to the non-compliance to the A.R.P. S.O.P. # 20-08-01 procedural guidelines than I have "exhausted all available remedies" for the four aforementioned A.R.P.'s and can now proceed directly into the Court(s)!

I turned in an A.R.P. dated July 26th 2018 so on August 30th 2018 if Richard Pennington and Larry Lee and J. Bradley are still

manipulating the grievance system than in accordance with the Due Process Clause of the Fourteenth Amendment than I will have "exhausted all available remedies" and can proceed directly into the Court(s). This letter as well as the others before and after it will effectively abolish your legal counsel's defense that I didn't exhaust all administrative remedies because you all subordinate staff are disobeying the laws and policies you all have put in place and by these letters you all refusal to make them obey removes your own immunity and proves your cooperation and advocating this unwritten though formal custom practice is common. Since, the A.R.P. system is now totally ineffective than letter writing is the only effective means for administrative remedies and civil liability. See You All In Court.

This is a Request for Administrative Remedy

Newly appointed Private Prisons Contract - Director, D. Banks, Contract Monitor - Larry Lee, M.T.C. Vice President - Robyn Williams, Warden - Jody Bradley, Deputy Warden of Administration/Security, Major - Terry Daniels, are all directly in violation of the Mississippi Department Of Correction - Offender Visitation Policy #31-03-01, effective date 02-01-2014, which was signed into effect and operation by the Deputy Commissioner of Institutions. Page 4.1 lines 481-484 state; Close Custody offenders will be permitted a maximum of one (1) hour non-contact visitation, "one (2) time per month".... Close Custody offenders in general population may be allowed two (2) hours of contact visit with immediate family on the 5th weekend. All of the above administrator's are admittedly refusing to obey this policy and have implemented their own (in-house) policy, saying that I cannot receive visits but "twice (2) a year" or just on the 5th Sunday, which is ~~to~~ only once (1) a year and falls this year solely in the month of September 2018. My family "all approved visitor's" have come here four times this year only to be humiliated by standing at this facility's front gate for hours. They requested three of the last times to speak with the above mentioned facilitator's (while they were standing at the front gate due to the above mentioned administrator's orders to stuff not to let them in while they watched them on camera and listened to the entire conversation through the outside microphones) yet were denied to speak with any of them or even to step into the facility at the front desk.

Remedy Sought:

To immediately be allowed to visit with my family this month and every month afterwards in accordance with the MDOC Visitation Policy that is in effect (per orders) of the Deputy Commissioner of Institutions.

continued: stc for this month neither any month prior and still counting. My family came to visit me for our non-contact visits four times this year in accordance with the Mississippi Department Of Corrections - Offender Visitation Policy #32-03-01 and M.T.C. on handbook that they pass out here. However, my family was demeaned, disrespected, and denied access every time by the head facility administrator's. They weren't even allowed in through the front gate after repeatedly requesting to speak with Contract Monitor - Larry Lee, Warolen-Jody Bradley, Deputy Warden of Administration/Security - Gabriel Walker, and Major - Terry Daniels. Also, Robyn Williams - V.P.

I have access to A.C.A. and M.D.O.C. policies. My family has access to A.C.A. and M.D.O.C. policies. M.T.C. has signed a contract to obey all of M.D.O.C. policies and procedures in dealing with me due to my being a third party beneficiary. M.T.C. gets accreditation from the A.C.A. for agreeing and auditor's saying their obeying the A.C.A. policies. So there is no excuse neither reasonable explanation why M.T.C. administrator's continue to operate by their own in-house rules. M.D.O.C. Pelicia Hull, Terry Williams, Tony Compton, D. Brooks, Larry Lee, and Deputy Administrator - Audrey McAfee, tell all M.T.C. staff to do what they want and give them the it's all good by constantly not obeying the A.C.A. policies themselves. not enforcing their own clear concise policies that are drafted from the A.C.A. policies.
